STRATHCONA NEWS

ANOTHER HITCH IN FACTORY SITE

The Bailey Soap Works Can't
get Property Selected—Mayor
Corresponding with Owners

From present indications it is probable that there will be another hitch in securing the site for the Bailey soap works, for which negotiations have been in progress for the past six or eight months.

Several weeks ago it was practically decided that lots 6, 7, 8, 9, in block 14, south of the present railway station, would be available, and in accordance with the probable purchase, a by-law was submitted to the ratepayers and prepared and advertised.

Later developments, however, brought out the fact that the owners of the property would probably not at present sell to the city.

The mayor is in conducting correspondence with the owners of the block in order to ascertain if a transfer can be made.

Some members of the council urge that Mr. Bailey be notified that the deal is off, owing to the difficulty in securing a site, but this will not be done till a definite answer is received from the owners.

An agreement is authority for the statement that Mr. Bailey has many offers of capital and wishes to establish a soap factory in different parts of Ontario near his home. He is a gentleman, the efficient manager, and the way the city has been treating him is shameful.

WILL OPEN ANOTHER COAL MINE

Early last winter Austin & Palmer, real estate agents, Strathcona, formed a company to develop an area of 300 acres belonging to Mrs. Sarah Bannar, of which they had secured a lease.

At that time Mr. Austin, who is an old coal prospector, located a seam which could be profitably developed and a number of shrewd men were in order that work might be started.

Several days ago, the operations which have been in progress for some time resulted in the location of a six inch seam to a depth of 120 feet. The E. & P. runs past the property, thus affording excellent facilities for development.

Associated Press Despatch. New York, N.Y., April 25.—The merger of the Colonial Trust Company with the Trust Company of America, which was brought about today by a vote of the Colonial directors, makes the Trust Company of America one of the largest, if not the largest, institution of its kind in this city.

The capital of the two trust companies according to the latest available report totals \$23,000,000. Of this amount \$17,000,000 was held by the Trust Company of America.

The same report shows that at that time the Trust Company of America had paid up capital of \$2,000,000 and \$1,300,000 surplus and profits.

The Colonial Trust Company had a paid up capital of \$1,000,000 and surplus and profits of \$1,929,500. O'Leigh Thorn is president of the Trust Company of America.

Associated Press Despatch. Winnipeg, April 25.—The case of King v. J. J. Gage in the Assize Court, known as the "grain conspiracy case," in which certain members of the grain exchanges are charged with conspiring to fix the wheat prices throughout Western Canada, which has been in progress in the eastern judicial district of Manitoba for some days, has adjourned.

Afternoon until May 6. R. A. Bonnar, who was conducting the prosecution, withdrew from the case this morning, and Judge Plippen granted the enlargement to allow Crown to engage new counsel. Attorney-General Campbell made application for the enlargement of the case in court. He stated that as far as he could learn he saw no reason why the counsel for the Crown should withdraw. In reply, Judge Plippen stated he was there to protect witnesses from being blackguarded during their examination. J. E. O'Connor will conduct the examination of Mr. Fowler, witness for the Crown, this afternoon.

ALPINE CLUB FLOURISHING.
Applications for Membership from Distant Points.

Associated Press Despatch. Winnipeg, Man., April 25.—The Alpine club of Canada, started a little more than a year ago in this city, grows apace. The secretary has just sent out another ballot with the names of twenty-five applicants for membership. The farthest west comes from Cape Town, South Africa. For honorary membership there appear the distinguished names of Colonel Lansdowne, of Vancouver, in the center of France. He is a member of the Institute of France, and the Geological Society of Paris. He is also Director of the Contravention National at Metz. But he is not interesting to Canadians as being the father of the science of photographic surveying, which is the only method of the so far been applied to the Rocky mountains and the Selkirk of Canada. Those who have seen the maps prepared on this system which appear in several blue books, and the wonderful detail book "The Selkirk Range," will appreciate how excellent this method is.

SELLING SUNDAY PAPERS.

Cops Come Up in Quish Under New Law's Day Act.

Associated Press Despatch. Winnipeg, Ont., April 25.—Newsboy Batters of Cass Railway News Company, appeared today before the magistrate, charged with violation of Lord's Day Act. Batters sold copies of Sunday World while westbound passenger train was passing through Quish on Sunday last instant. These papers were sold to citizens of Quish, who boarded the train, got the paper and then left. Mr. Haveron, C.C. for the defense, contended that under the Lord's Day Act railway run passenger trains and the supplying of newspapers came within the scope of the act as meals and light refreshments would be supplied on train. The newsboys could not distinguish between passengers and those who entered the train to obtain papers. He admitted foreign papers could not be supplied. The magistrate considered the case of sufficient importance to reserve the decision for the opinion of the court of appeal. County Crown Attorney Peterson at once opposed this.

SHAWA Galvanized Steel ANGLES

The cheapest good thing to use for a century's weathering. Galvanized steel angles need no paint to outlast any other material. Made roof fire-proof. You can't burn them. They are in every way you want. Cheap in first cost as compared with other materials, yet more durable than steel. Sold under a written guarantee that really means something to the buyer.

With a hammer, a single angle can be put on right with "Shaw's Galvanized Steel Angles." They need no paint. They lock on all FOUR sides. Made in only one size of 2 1/2 gauge semi-hardened steel. You can't burn them. They are in every way you want. Cheap in first cost as compared with other materials, yet more durable than steel. Sold under a written guarantee that really means something to the buyer.

Lighting proof, too, damaged in one hour by lightning. No other material would have been harmed if they had been "Shaw's Galvanized Steel Angles." These shingles insulate buildings—make it safe every element. Let us tell you what we can do for you.

Get our free book "Shaw's Galvanized Steel Angles" before you buy a roof or thing.

FRIDAY, APRIL 26, 1907.

A GOOD APPOINTMENT.

The appointment of Sir William Mulock as the third member of the conciliatory board in the settlement of the coal mining trouble should meet with general approval. It was Sir William who established the Department of Labor at Ottawa and he was Canada's first Minister of Labor. Through his efforts a number of strikes have been amicably settled and his work in the cause of labor has been accepted as the most important of any Canadian public man.

The fact that Mr. Mulock is now on the bench and so removed from party politics will allay any prejudice that might have existed in the minds of those with whom he has to deal if he were still a member of a government. Sir William is a man of very large experience and excellent judgment. His sympathy has always been with labor but he has endeavored in former disputes to act, as Minister of Labor, with absolute fairness. He can have but one end in view, that of the public good, in the present instance, and there have been few men in public life in Canada who have given their country a more genuinely patriotic service. The Canadian Justice Mulock. Independent of all necessity to work, he gave his time for many years in very arduous labor to the public as a member of the Dominion Government in a manner that was both capable and faithful, in fact he seriously endangered his health in his very close application to his administrative work.

Mr. Mulock brings to the task now before him a long experience in both public and private business, an excellent knowledge of Canadian affairs and Canadian conditions, the ability to quickly grasp the situation, an absolutely fair and judicial mind, and a desire, which he always possessed, to serve the best interests of his country, and we have no doubt that in the settlement of this dispute, fraught with so much importance to Western Canada, his services and counsel will be of very great value and to all fair-minded persons is likely to give satisfaction.

SAXON STILL.

The report of the department of the interior for the last fiscal year proves by the incoherent truths of mathematics that the predominance of the English speaking people in the west is in no way impeded. During the last fiscal year there were 4,100 home-stead entries made in the Canadian west. The entrants are classified as follows:

	No. of
Canadians from Ontario	7,581
Quebec	776
Nova Scotia	340
New Brunswick	240
Prince Edward Island	140
Manitoba	1,531
Saskatchewan	1,071
Alberta	300
British Columbia	2,000
Persons who had previous entry	2,000
Newfoundland	17
Canadians returned from U.S.	700
Americans	12,450
English	2,807
Irish	1,607
French	317
Belgian	54
Swiss	317
Scandinavian	14
Rumanian	20
Byzantine	20
German	20
Austro-Hungarian	2,100
Hollander	20
Danes (other than Icelanders)	20
Swedes	20
Russians (other than Menominee or Doukhobors)	334
Menominee	20
Doukhobors	20
Portuguese	20
Australians	14
New Zealanders	20
Canadians from Yukon	20
Turks	20
South African	20
Trinidad	20
Finnish	20
Port	20
Total	41,960

The Canadian prairie country is getting a very mixed population but the overwhelming proportion of the new-comers is English-speaking, a contrast to the immigration of the United States, which is chiefly from the south of Europe.

It will be seen from this table that next to Americans, the sons of Ontario farmers are the greatest in numbers, and represent a class that there is none superior in the world.

NOTE AND COMMENT.

"Alberta's university will be located at Strathcona. Meanwhile, since Alberta is yet a new province, the Jack of all Trades gets along better than the Master of Arts."—Toronto Star.

"Just as we anticipated," says the Journal in discussing the Colonial conference. Well, well!

"At the proper time and place" is a favorite expression of the Mayor. It sounds so statesmanlike, you know.

The Standard Oil company is liable to a fine of \$20,000,000 on 1,463 counts. That John D. Rockefeller has a luxury of everything.

Ashe can be burned again, but no act of the alchemist can galvanize the slag of George E. Foster's dissolutions into a new hope of political integrity.

A New York professor says that chewing tobacco is a greater aid to thinking than reading the newspapers. He means, no doubt, New York papers.

The Mayor is determined that the Conservative party will not be allowed to forget that he is "available" for another nomination. He is a laborer in advertising.

Great Britain has a surplus of \$20,000,000 for twelve months and Canada has a surplus of \$43,000,000 for nine months. This will put the treats of Aquilath next time he meets Fielding at the Savoy.

How opportune in the march of history to discover that ashe has been born just as the Alberta coal strike was looming up. This will be an excuse for some men to leave the winter's ashe in the cellar until the strike is over, anyway.

A despatch from Old London says the depths of popular imagination have been struck by the association of Jameson and Botia, and the high imperial courtesy of Sir Wilfrid Laurier. This is double honor showing the abilities of these three statesmen and a wholesome spirit of civility and the old English trait of never failing good sense.

The Miners Consent

(Continued from Page 1.)

outside of the House, and it was decided that such an act should be introduced. It was found that the House could not get through the House before adjournment. The Government was in earnest about the matter and had not had actual evidence as to how the British Columbia act was working out to enable them to legislate. This was the only reason the act was not passed, though it was intended to pass it next session.

Wired Premier.

District Board Member Patterson, asked if the miners could take the promise made by the Government to the miners to repair the wires the Premier and if what he himself said was sanctioned they could.

Mr. Cushing has already sent wire. Mention was also made of election promises of legislation favoring miners. Mr. Cushing said it was the first time he had heard of them. President Sherman said he had them in writing from Speaker Fisher.

one declared he had them verbally from Mr. Cushing. Mr. Cushing said that the member for Lethbridge had told him that he was preparing to put the Government out of the House and he had said that he did not think the miners would get a 3-hour day yet passed.

Vice-President Lewis said that Mr. Cushing had said he was more than willing to give the limit when he had promised more than satisfied with the position taken by Mr. Cushing. If he had assurance before from members of the party of the same position as Mr. Cushing the miners might not have been so antagonistic to the government. On behalf of the miners he said he was more than thankful for the plain statement, and he thought that if more reliable evidence could be got in touch with the miners and help out by legislation, it would appear as very difficult for legislation to be found.

In the agreement just turned down there is a clause saying the miners would be satisfied by legislation passed by this or any other government. A committee of the miners waited upon the operators to see if they could get any more legislation then told, but they were told that a statement was being prepared which would be handed to them in a next session.

PREMIER SANCTIONS

CUSHING'S PROMISE

Pennie, April 25.—The following is an exchange of telegrams between Hon. W. H. Cushing at Edmonton and Premier Rutledge at Edmonton yesterday.

Early in the evening, Mr. Cushing wired the Premier as follows: "Position here serious. Have promised miners our government will pay right away back to bank and next session of legislature. Do you approve?"—Cushing.

The Premier replied with the following telegram immediately: "I approve of your promise to miners."—Rutledge.

MACKENZIE KING

DENIES THE RUMOR

CALEDONIAN CLUB.
 Road games and social entertainments in "Odds'ends" hall, Norwood block, Monday April 22, 7:30 p.m. Tickets: Gent. 50c, Ladies, 25c.

CALEDONIAN CLUB ACTIVE.
 The Caledonian club held a most enthusiastic meeting last night. Over one hundred men were present. It was decided to hold a picnic some time this summer with Caledonian games as leading attraction. Steps will be taken to ensure systematic practice by all who are interested in sports of strength and skill. The football committee reported good progress, practice taking place on the west side of the fair grounds. A bagpipe band will soon be in operation. All games will be preceded at an early date. Three stalwart pipers inspired the gathering of Scotsmen as they played some stirring marches. Some speeches and story made the meeting one of the best. The last social dance of the season will be held in the Odd-ends hall, Norwood block, on Friday, the 29th April. A capital program has been arranged.

SPORTING NEWS

NEW RACE TRACK.

Edmonton Driving Club Considering Building One.

President R. Inglis was in the chair at the meeting of the Edmonton Driving Club at the King Edward hotel last night. The most important question discussed was the advisability of the club securing ground and building a track of its own and holding weekly matinee races during the season.

All present favored the proposition and Messrs. Stewart, Libbick, Auld, McKinley and Taylor were appointed a committee to see what the cost would be for a suitable ground and the estimated cost of laying out a half-mile track, erecting a grandstand, and fencing the same. Another meeting will be held at the same place on Monday night to hear report of the committee. In the meantime the track on the fair grounds will be used and the club will proceed to get into shape at an early date.

INTERNATIONAL FOOTBALL.

Vancouver, April 24.—A soccer league of six cities is now being planned for the coming season, and if the organizers are successful their arrangements Vancouver will be included in an aggregation embracing Victoria, Seattle, Tacoma, Delonghian and Aberdeen.

Seattle sports have taken the initiative in the movement and a meeting of representatives of the six cities is to be called in the near future when definite details as to the league will be discussed and officers elected to take the work in hand.

Association football has gained a strong foothold on the other side. Tacoma has received the game with unexpected enthusiasm and, with the benefit to be derived from playing the games on fine new grounds, soccer should become the thing in that city next season. Seattle has at all times been strong for the game and should turn out en masse in support of an all-star eleven such as that city has been certain to be represented by in the event of the strong league's formation.

Delonghian has been in the forefront for admission into a soccer league, and sportsmen there are the most will be a winner and the city represented by an eleven to be entered. Aberdeen lays claim to hundreds of association football roots and declares it can pick a strong team from the thousands of mill employees in Aberdeen and Hoyland.

These sister cities have a large number of birthright in their midst and it is expected they would make a fine showing.

ALBERTA FOOTBALL ASSOCIATION.

The time is not far off when Kid Glasgow, the second baseman of the Philadelphia Nationals, will be passed on for a younger man, as Glasgow has been playing in the big league since 1898. Jack Beckley of the St. Louis Cardinals will probably play out this season and then retire. He

those league play off with the winner of the Alberta Football Association championship for the Alberta honors. In no case will such a move be made. Only teams entering the Alberta association will be recognized as being eligible to play for the provincial championship. The other error was in stating visiting teams would be allowed six cents a mile travelling expenses and also hotel expenses. Only travelling expenses will be paid visiting eleven. Dates for the final and semi-final games in the association will be fixed by the judiciary committee and not by the teams interested.

EXITS ABOUT DUE.

Father Time will soon drive some great ball players into the backwash. Jim McGuire of the New York Americans, who has been in the game for 23 years, has not much further to go, while it will not be long before Willie Keeler, Al Orth, Jimmy Williams, and other members of Clark Griffith's band will be seen in the same way.

While the same may be said of Jimmie Collins, Cy Young, Jesse Taubman, Lou Criger, Bill Dineen, and Chick Stahl of the Boston Americans, have only a few years left to serve. It will not be long before Rube Waddell, Harry Davis, Monte Cross, David Schreckengost, and Ralph Seaybold of the Philadelphia Athletics will be long campaigns in which they have been famous. John Anderson and Jack Warner of the Washingtons are veterans who are nearing the windup.

While the same may be said of Jack O'Connor, Ed Wallace, and Jack Powell of the St. Louis Browns. Of the world's champion White Sox, George Davis will soon put out of the game, as he has played steadily for 15 years. Elmer Plick and the great LeRoy of the Clevelanders are growing old and so is Hobby Love of the Detroit.

Meantime, in the estimation of many critics, has seen his best days as a pitcher for McGraw's team, while Bill Dahlen, Frank Howardman, Dan McLean, Danny Taylor, George Browne, and Mike Doolin, all of the same team, cannot last much longer in fact company. In Pittsburgh, Fred Toney is a practical through play and will take the bench this year.

In Pittsburgh, Fred Toney is a practical through play and will take the bench this year.

has been playing with major league teams since 1906, and it was not until last year that he began to show the effects of the long grueling. The average playing career of a major league star is about ten years.

WHEN MITTS WERE NOT.

New York, April 23.—Thirty-six twisted and broken bones in one hand is the secret disclosed in the life of James McGuire, the veteran catcher of the New York Americans. Mr. Nye, official photographer and examiner of prisoners for the United States Government at the Federal prison at Atlanta, Ga., presented the veteran catcher with an x-ray picture of his right fin.

From scientific interest several doctors gathered around and said they couldn't understand how it was possible for a man to keep playing ball and remain strong and sturdy under the terrific shocks to his hand. The x-ray photograph shows 36 broken places in the bones of the fingers and huge knots resembling the gnarled places on an old oak tree are clustered around every joint. The fingers in the photograph were twisted and warped in the shape of an inverted T. In several of the joints, instead of fitting in the sockets regularly, the ball on the ends of the bones are flattened and set on one side.

So remarkable was this freak of a hand that several of the doctors had copies made of the x-ray photograph for future study.

McGuire explained that most of the injuries shown in the photograph were received during the old days when catchers wore no mitts. The injuries, he told the doctors, were the result of 24 years of professional baseball.

NOT A MONEY MAKER.

Jack O'Connor, the veteran catcher of the St. Louis Browns, has been letting loose some good advice to the young players who are new ball players. He says that while a minor league player can make \$4,000 a year or two they soon drop back to minor leagues and that taking it out of a ball player's salary during his whole career will not average up to that of a dry-goods clerk. Baseball life teaches habits of extravagance. He points to Anne Ruess as an example. That great pitcher is now carrying lumber at \$1.50 per day.

WITH CALGARY HORSEMEN.

Calgary, April 24.—The Calgary horse men have just held their first meeting held at No. 1 fire station, and the following officers were elected:

President—A. E. Reilly. Vice-president—J. R. Bente. Secretary—J. E. Reilly. Treasurer—J. H. Hamilton. Managing Committee—The officers with a Parson.

They have applied for a charter, with shares placed at ten dollars. The capitalization will be decided on later.

BASEBALL.

Saskatoon semi-professional nine will wear grey and black this year. This is Empire Rob Emile's seventh year with the Saskatoon league.

Included in the routine of the Cincinnati Reds are morning talks by Manager Hanlon.

President Murphy, of Chicago, declares that none of his substitutes will be released for the present at least.

Seattle went down to a 5-0 defeat on the home grounds in the opening league contest. Butte did the trick.

Aberdeen, in the Northwest league, has seven players who measure over six feet and all experienced hands.

Sam Morris, who has been with New York Nationals for many seasons, has been discarded and will play with Minneapolis.

To date Calgary has only definitely arranged one game in Canada on the spring trip. The nine performs at Ottawa on May 11 and 12.

Saskatoon wants to get into a league composed of the Battlefords, Prince Albert, Humboldt, Saskatoon, Hanley and perhaps Regina.

The Leathbridge Athletic Association proposes to call hill-bill sports on their program. Various contracts have already been signed.

Manager McGraw, of the New York Yankees, says he'll not work Matheson much after May 1. Then he'll accept nothing but victories from Christy.

Jennings says that none but regulars will be allowed to coach for the Tigers. He told the doctors, were the results of 24 years of professional baseball.

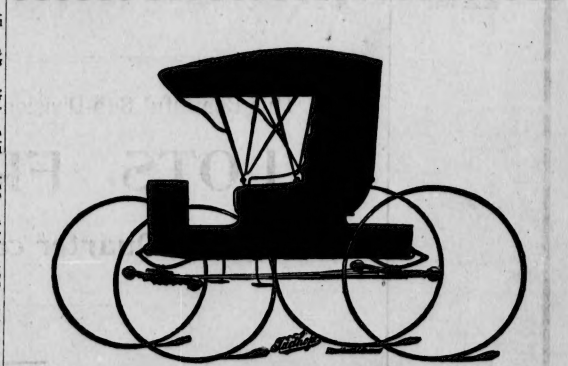

But fielding lost Vancouver the first game in the Coast league series this year. Aberdeen won 1-2. The losers had eight errors. Pitcher Nelson, Shortstop Plante and Outfielder Schofield contributing two apiece.

Mike Doolin, of the New York Giants, has joined Jimmy Callahan's Legion Square semi-professional team of Chicago. It is said he will receive \$20 per week for the season, playing only Saturdays and Sundays. The season is almost 22 weeks.

Moncton, N.B., April 23.—An inventory of the traffic manager of the Intercolonial Railroad into the short end of freight cars has disclosed the fact that several thousand cars of the government road have been lost, and the government has sent out tracers and is endeavoring to have the cars returned.

A Sister of "Silent" Smith. New York, April 23.—Among the passengers who arrived today on the Hamburg-American Line steamer Deutschland from Hamburg, Southampton and Cherbourg, were Sir George Cooper and Lady Cooper. Lady Cooper is a sister of the late James Smith, (died) Smith and is supposed to have been left a large share of his fortune. She comes here to be present at the settlement of his estate.

IN THE PRESS GALLERY AT OTTAWA NEWS OF BUSY WEST

THE PARTY UNDERTAKES TO DEFEND FOSTER BUT WITHOUT ENTHUSIASM

Colonel Hughes Declares That Land for Which Union Trust Paid \$5.00 per Acre was Not Worth \$3.50—His Defence of Fowler et al is Absurd in the Face of it.

From Our Own Correspondent in The Press Gallery.

Ottawa, April 26.—Exasperated by the dismal failure of his former effort, and charged that only sixteen of his fellow Conservative members had then attended their conference in the integrity, Mr. Foster again, today, attacked the Royal Insurance Commission yesterday. The attack was introduced by the customary discharge of blank cartridges from Mr. Houghton, Lennox followed by an emotional cavalry demonstration by Colonel Samuel Hughes. These preliminaries over, Mr. Foster re-delivered in altered language a considerable portion of his last week's speech. The interval, it appeared, had neither enabled Mr. Foster to discover more valid grounds of offence against the commission, nor had it materially improved his standing among his friends. His second speech was conspicuously wanting in the vigor which characterized the former, while there was most noticeable lack of supporting applause from his colleagues. Though the latter to the number of thirty voted to condemn the commission and to vindicate Mr. Foster, they did so without enthusiasm and in many cases with sullen, like men apologizing to their better judgment for obeying the call of party loyalty. The net result of this second sortie was to demonstrate that however unwillingly the opposition are prepared to undertake to defend Mr. Foster before the House of Commons, they are not prepared to defend Mr. Foster before the House of Commons.

One other result was accomplished, unintentionally, of course, by Colonel Samuel Hughes. In his attack

which at least opens up for question the ethical phase of this species of mansuety, but nothing that the commission has said reflects upon either his ability or his morals so does this declaration of his would-be defender. If Mr. Foster paid from the funds of the Union Trust Company \$5.00 per acre for land which was not worth \$3.50, then, common either condemnation or defensive is altogether superfluous.

GOULD OPPOSED TO SCENT RATE.

It is Not in Favor of Anything Which Would Hurt Railroads.

New York, April 26.—Just before he sailed for Europe, George F. Gould was asked his views on the financial and commercial conditions of the country. He said: "I have no fears as to the future. The country was never so prosperous before and the future looks bright." Questioned as to the recent fare for railroads, he replied: "I am not in favor of it. It will hurt the railroads, for there is no profit in passenger traffic and this is the worst time for railroads. On general railroad legislation, he said: "I am in favor of much of it, but against anything that will hurt the credit of the railroads. No railroad can borrow money under present conditions."

Point Guns Dull Grey.

Berlin, April 26.—Emperor William has ordered that gun carriages and the Pointons and Telegraphic Operators' Unions were determined this afternoon from the Emperor of Germany because they signed the recent violent manifesto against President Clemens. The emperor has called a mass meeting to protest against the extreme demands and it is feared they may strike out of sympathy for their discharged comrades.

French Postmen May Strike.

Paris, April 26.—The secretaries of the Postmen's and Telegraphic Operators' Unions were determined this afternoon from the Emperor of Germany because they signed the recent violent manifesto against President Clemens. The emperor has called a mass meeting to protest against the extreme demands and it is feared they may strike out of sympathy for their discharged comrades.

REGINA.

The city is not worrying about the coal miners' strike. There is easily enough fuel in Regina to supply all demands for three months.

Joseph Loew, from County Derry, Ireland, attempted several times last night to commit suicide by throwing himself under the C. P. R. train in the yards.

The Saskatchewan Automobile and Gasoline Engine Company are shortly to open an automobile garage in the city. Already they have a number of cars in the city and two car loads are now en route.

VEGEBVILLE.

The council will spend at least \$2000 on public improvements during 1917.

Wm. Rogers has been appointed town scavenger at a salary of \$110 a month.

At the next meeting of the "Round B" it is likely the early-closing by-law will be repealed.

The banquet to James B. Holden, M.P. in the building at present Tuesday night promises to be a highly interesting affair.

On May 9 the electors will vote on by-laws to send \$2,200 to establish a market and \$1,500 to establish a public park.

The Globe Land Co., composed of Messrs. Tremblay, Cunningham and Meredith will open an office on May 1st in the building at present occupied by W. H. Hawthorne on Main St.

The Department of the Interior has decided not to erect an immigration hall here this year but will erect a building for that purpose. Negotiations are on foot to procure the store vacated by E. L. Poulin.

LETHBRIDGE.

Two hundred dollars will be spent on fireworks at the civic birthday celebration on May 9.

A new customs outpost has been opened at Frank. It will be under the jurisdiction of Lethbridge.

Carlson and Raymond bands will assist in furnishing music at the birthday celebration at Lethbridge on May 9.

The local freight officers of the C. P. R. are temporarily refusing to accept freight. This is supposed to be a result of the strike in the Pass mines.

The Lethbridge School Board decided last week to erect a \$40,000 school building on the east portion of the grounds of the Central school.

It seems a moderate estimate to say that at the end of the present year there will be eight or ten thousand farmers in Southern Alberta.

J. A. Reid has resigned from the city police force, and has joined the staff of the Dominion lands office.

Nearly \$6,000 stock has already been subscribed for the proposed Ladies' College. A meeting will be held shortly to proceed with the work of organization and construction.

G. Harper a few days ago handed in his resignation as conductor of the C.P.R. It is understood that Mr. Harper took offence at some remarks made at the last meeting of the city council.

SASKATOON.

A lodge of the Order of Scotland has been organized with 127 charter members.

There are nearly 100 Oddfellows in the city. The first lodge was opened in 1881.

At least thirty cars, loaded with wheat are standing on the C. P. R. siding awaiting shipment to C. N. R. points.

A big fire in the big gallery is being built across the front end of the Methodist church. It will provide seating capacity for 125 more people.

Mr. J. R. H. Stewart came in on yesterday's freight with his car containing thirteen horses and four oxen. He set out from Winnipeg for the last three weeks ago Tuesday.

A representative of the Canada Trust Co., and J. A. Reid, of the Lethbridge-Chalmers-Bulmer Co. have arrived in town to see the installation of the city machinery and electric light works at the pumping station and power house.

Three hundred and twenty-five bags of mail were received the day the C. P. R. got trains through from Winnipeg after the recent blockade. There were close to 47,000 letters received, 901 of which were registered.

RED DEER.

F. W. Holson, provincial boiler inspector, was here last week. He will hold an examination here on May 2nd.

A largely signed petition to have the new bridge at Red Deer on the line of Galt avenue, will be sent to the government by Mr. Moore.

Mr. Stephenson has disposed of his interests in the hardware business to Stephenson & Illey, to W. J. Illey, of Winnipeg. The new firm will trade under the name of Illey Bros.

MAIL CONTRACT.

Sealed Tenders, addressed to the Postmaster-General, will be received at Ottawa until noon on Friday, the 26th of May, 1917, for the conveyance of His Majesty's Mail, on a proposed contract for four years, once per week each way, between points to be named.

Mr. and Mrs. W. J. Illey, to commence at the pleasure of the Postmaster-General.

General information containing further information as to conditions of proposed contract may be seen, and blank forms of Tender may be obtained at the Post Office of Winnipeg and also of points of "Relay" and at the office of the Post Office Inspector.

A. W. CAIRNS, Post Office Inspector.

C.N.R. SHOULD NOT BE RECEIVED

Until their Present Lines are Adequately Equipped and Manned—Report of Railway Commission's Representative Investigating Transportation in the West Shows Canadian Northern to be in Deplorable State.

Associated Press Dispatch.
Winnipeg, Man., April 23.—At a meeting of the Board of Trade today Frank Dillinger, special representative of the Railway Commission summarized traffic conditions as they appeared to him in the following terms: "To say that the transportation in the west has been and still is in a chaotic condition is not putting it too strongly. One need not examine the daily press to find that there is something radically wrong in the transportation problems of the west. The hardest criticism, however, that prevails in the west is that in a certain measure the purpose of the new line in the west upon the orders of the Railway Commission. The criticism is that the purpose is to be confined more particularly to one road, my reasons for saying this are based on the fact that the complete line remains for the time being in the hands of the Canadian Northern Railway."

Short-sighted Policy of C.N.R.
There may be difficulties which require adjustment of the line in the Canadian Pacific Railway, but in the absence of specific complaints I am not called upon to investigate transportation upon that line as yet. After investigating and considering transportation problems on the Canadian Northern Railway I am compelled to admit that the policy of the management of that company has been short-sighted in the extreme. It has continued to construct new lines by drawing the power and care so much needed in the old lines. It has continued to construct new lines to serve a few, while many are suffering.

Evidence of Policy.
You have only to examine the construction of their Winnipeg terminals to form an idea of what the conditions are on their main line. Their locomotive and car shops are entirely inadequate to take care of the locomotives and cars which in the ordinary course require to be overhauled at least once a year. On all well-regulated roads in the west locomotives undergo general repairs at least once a year, but this is not the case on the Canadian Northern. During the past twelve months have not permitted the usual overhauling of engines, with the result that they are unable to perform any work expected of them.

The Prince Albert Branch.
If any proof is required, we have only to look at the deplorable condition of the Prince Albert branch of the Canadian Northern Railway. It is claimed that from eight to twenty locomotives have been employed constantly during the past four months without being able to maintain a service which was maintained by the company previously. It is stated that with from fifteen to eighteen locomotives, the one giving a fairly satisfactory service, the other practically no service at all.

The Fuel Conditions.
"I have studied in a small way

the fuel conditions affecting the city of Winnipeg and find that coalwood has been lying on sidings adjacent to the tracks of the Canadian Northern Railway for two years and which the company has been unable to place on the market on account of the lack of transportation facilities. There are similar conditions on the line of the Canadian Pacific Railway. The fact as far as I have not been able to secure facts or evidence which would establish me to charge that company with negligence or inefficiency in the movement of the commodity mentioned."

Will Go Outside of Winnipeg.
"The conditions are simply appalling and it will be my duty to recommend a remedy. I feel that the situation is too grave to be lightly considered and before submitting my report to the board of trade I am going to make a tour of inspection to the points of the Canadian Northern which are in my opinion outside of this city, to see what the present line of policy is, and to see what the future line of policy should be. There is no doubt, however, in my mind a doubt that the Canadian Northern Railway should not be permitted to build an additional mile of track until they have equipped their existing lines with ballast, locomotives and sufficient quantities and numbers to handle the ever increasing traffic. The road is in a deplorable condition and an essential to good transportation and unfortunately the Canadian Northern are very poorly equipped with these necessities."

Will Be Remedied.
"In placing these facts before you, I am doing so with a sincere confidence that the deplorable condition of the Canadian Northern Railway will be remedied and transportation conditions improved. The Canadian Northern Railway placed on a par with their competitors, or even better. Their locomotive and car shops will give the public the best service, which has been given in the west. Their shops here are practically the same as when they were in the north. The Canadian Pacific Railway years ago with the same machinery and an addition to car repair shops that will hold five cars."

The C.N.R.'s Equipment.
"They have at present 165 locomotives, 100 of these being assigned to freight service. 462 box cars, 1,081 flats, 121 stock and 31 refrigerator cars. With an addition of 1,000 freight cars on order, and 50 new engines are being built during the year 1909. But it is not only the quantity of their equipment, but the quality of it that is the matter. They do not expect me to provide locomotives, car shops, ballast, and all the other necessities for a railway, all of which have been provided for the Canadian Northern Railway. I have placed the board of trade before the board of the Canadian Northern Railway, and I am confident that a prompt and effective remedy will be applied."

The Board of Trade Hearing Mr. Dillinger's statement and free discussion passed very strong resolutions protesting against conditions as they exist at present.
"They have at present 165 locomotives, 100 of these being assigned to freight service. 462 box cars, 1,081 flats, 121 stock and 31 refrigerator cars. With an addition of 1,000 freight cars on order, and 50 new engines are being built during the year 1909. But it is not only the quantity of their equipment, but the quality of it that is the matter. They do not expect me to provide locomotives, car shops, ballast, and all the other necessities for a railway, all of which have been provided for the Canadian Northern Railway. I have placed the board of trade before the board of the Canadian Northern Railway, and I am confident that a prompt and effective remedy will be applied."

The Fuel Conditions.
"I have studied in a small way

JACK THETFORD HAS DISAPPEARED

He Owed big Board Bill in Calgary—Was Employed in Edmonton at the Rink.

Special to the Bulletin.
Calgary, April 23.—It is not very often that in these modern days a man drops completely out of sight. Yet that is just what has happened here in Calgary within the last ten days. One week ago last Monday Jack Thetford dropped as completely out of sight as if the earth had opened up and swallowed him.

Thetford had then been in the city just a little over a month and had just come from Edmonton, where he had been for about six weeks. He came to Edmonton from Winnipeg, where he had been employed in the office of John W. Lord, insurance agent.

He was a Toronto boy and had been in the West a little over a year. His relatives live there yet, in Parkdale, and he had a home in that city. While in Edmonton, where he went in company with another Toronto man who was in Winnipeg for some time, he worked at two or three different places, one of which was at the skating rink, but he did not stay long at any of them.

He then came to Calgary and secured employment at the rink. He had been in the city for about three weeks ago when he was last seen. He was working at the rink and was supposed to be there all right for two weeks when he disappeared. When last seen it was about 10 o'clock on last Monday. He went into the office then to draw his salary for the week and after he came out he was not seen again.

It is alleged that he owed a large board bill and that this may have been the reason for his disappearance. Nothing was thought of it when he was last seen, but a couple of days, but when ten days had passed and he had failed to appear, inquiries were instituted by his landlady and several others.

They resulted in nothing and it is not likely that his family figure will be seen in the streets of the city for some time to come. He had moved across the line and is now enjoying the hospitality of the gullible ones of the United States domain. His return to this city is not particularly hankered after, and he will pass out unwept, unwhored and unusing.

A Healthy Boy's

CLOTHING

SALE! SALE!

Saturday, April 27th

It will be healthy in two senses: A healthy sav-

ing in prices for you and a healthy volume of busi-

ness for us.

People with a number of healthy boys are in-

clined to grumble at the amount of boots and

clothes their boys get away with, but there is the

consolation that if the boys were not using up the

income in clothes they would be using it up in doc-

tors' bills, and besides they are boys you are proud

of.

So on

Saturday, April 27th,

AT 3 P.M.,

we are going to give you a chance to outfit your boys

for the spring and summer at a very moderate ex-

pense.

Do not fail to be on hand and bring the boys

with you if you can.

We are getting into grips with you, and a mutual

confidence is established that you believe in us and

that we are worthy of your trade.

The Date of this Healthy Boy Clothing Sale

SATURDAY, APRIL 27th.

The list of goods on sale is as nearly described as

possible, for the rest come, yourself. It's a saving to

you.

231 Suits in this Sale,

Sizes 22 to 34, as follows:

4 suits, 2 piece, size 22, regular value up to \$4.00; sale price... \$2.95

From One Day To The Other

ELIOT TO "THE DOCTOR."

Everybody's friend is gone, hushed
The gentle mirth,
Sweeter-hearted comrade soul none
shall know on earth.
Bury body, mainly mind, upright
Viking eyes and smiling lips—Doctor
Drummond's dead!

For the Club, for the feast, and for
the busy street,
Primal natural joys he brought, Oh,
Battering rivers, gleaming lakes, wild
Rover forest haunts,
To heal the City's weary heart with
balms of out-door.

There was no better loyal than this
whose humor played
In pleasant humor, was to serve the
State two races made—
Oh, Landlord, turn the glasses down,
and leave the room slight,
And let the flower-wreath dance
his shade our great light!

A CHARITABLE MOVEMENT.

From the East comes word of a
movement being actively organized to
place in commemoration of the late
Lady Victoria Grenville, memorial
hospital for children in all the principal
cities of Canada.
Any reason for endorsing such a
movement for suffering little ones
is a good one, as with every city's growth
the need of a hospital care for the
children grows. In this case
the need is a charity, and a true
wife and mother has given in-
spiration to the movement. Her un-
happy death left her own little one
motherless; and now in her memory
several beds will be endowed in Can-
adian hospitals and used for the
treating of suffering children of the
poor.

Edmonton also has hospitals and
places for endowed beds—though the
need here at present would seem to
be of beds for children than for the
friendless emigrant who is ill in
a strange land.

WHEN INSPIRATION.

"That college girl Gladys Timed
wrote is fine; I wonder where she
is." This was the exclamation of one
"She was making fudge one night,
and when she reached into the paper
bag for the chocolate there was a
mouse there!"

AN AUTHOR'S ILLNESS.

Rev. Robert R. Knowles of Jolt,
author of "The Cuthberts" and "The
Underwood," who was seriously in-
jured in the railway accident at Quibb
a short time ago, has dropped all
literary work for a year at least,
which means a move. "The Web
of Time," that was to have appeared
in the review of the new issue of the
Fleming H. Revell Company, and which
was to have appeared, as pre-
viously announced.

JEAN SLEWETT'S POEMS.

In a quiet little home in Toronto
Jean Slewett, one of the few women
poets of Canada, lives the simple life
in a pleasant atmosphere of books,
content and gracious friendship.
Writing of "The Cornflower," her
most recent book of poems, a Toronto
daily said editorially the other
day: "It may be that Mrs. Slewett
is not a great poet, but no other Can-
adian writer touches the heart and
the home with a surer, and more
sympathetic touch. She has the sense
and ease of James Whitcomb Riley
and the humor and tenderness
Barnes Field. It is so this group
that Mrs. Slewett belongs, and she
by no means the lesser figure of
the school."

More of a confessor than a teach-
er, a comrade rather than a monk,
her heart is small but beats with the
significance of life. She looks at
man with all his waywardness, and
finds that he is worthy and true
to the world with all its noise and
variety, and finds that it is good.
"We have none too much of this
worldly wisdom, and we have some-
thing to a writer who turns from
the weariness of the daily living, and
looks up to the serenity of home and
the simple sacrifices and divine sanc-
tities of the family."

One of the most frequently quoted
poems of the new volume is given
here—
She is so winsome and so wise,
She sways us at her will,
And all the question will arise,
What mission does she fill?
And so I say, with pride untold
And love beyond degree,
This woman with the heart of gold,
She just keeps house for me.

A full content dwells in her face,
She's quite in love with life;
And for a little while with fate
The sweet old-fashioned "Wife."

What thought I toll from morn till
night,
What thought I weary grow,
And all the love and dear delight,
Deth ever softly flow.

Our children climb upon her knee
And lie upon her breast.

ANNOUNCEMENT.

Mrs. Horace D. Hume will receive
for the first time since her return
to Edmonton at her home, 277 Seventh
Street, on Friday, April 25th, and
afterwards on the fourth Friday of
each month.

SOCIAL.

Mrs. M. J. McLeod and Miss Mc-
Leod have come to Calgary for a brief
visit.

Mr. Tom Dunlop of Ottawa has ar-
rived in this city and is the guest of
his nephew, Mr. J. D. Hynd.

Miss Lynch, who has been the guest
of her sister, Mrs. Vernon Barlow,
during the past winter, leaves shortly
for Wetaskin.

The gentlemen of the black and
white have issued invitations in Ottawa
for the giving of a musical evening, which
is expected will take place on
Thursday, 26th inst.

Mr. and Mrs. John Stocks are at
present visiting in the city. They are
enjoying spring outings there during
the season, and are noted.

Mr. J. J. Chown, who held her
post-natal reception on Wednesday
afternoon, was welcomed by some
of our callers to her new home. The
reception was held in the evening
by her mother-in-law, who held her
wedding-dress of white embroidered
and over white silk. In the even-
ing where the honors were done by
Mrs. J. J. Chown, the tea-table was
artistically centered by a high cup-
board, with dainty flowers, and a
drawing of white tulips over green
silk, with dainty ferns. Mrs. Car-
ley aided in looking after the wants
of the callers.

SUCCESSFUL OPERATIC PER-

FORMANCE.

"The Pirates of Penzance" last
night was a repetition of the success
of the first performance. The prin-
ciples and chorus were in even better
form, and the excellent orchestra con-
ducted by Mr. Bedford, was a treat
in itself. Among the large audience
there was noticed Mr. and Mrs. Han-
dison, Mr. and Mrs. Robble, Mr. and
Mrs. Louis Gendry, Mr. and Mrs.
Boucher, the Misses Boucher, Mr.
and Mrs. Pender, Miss Jean Forsyth,
Mrs. Gray, Mrs. R. W. Day, Mr. and
Mrs. McPherson, Mr. Quinn, Dr. and
Mrs. Harris, Mr. Harcourt, and
Mrs. Scott, Mr. and Mrs. Jellie.

The opera will be produced again
on Saturday night, the large atten-
dances and demand for seats justifying
the extension of time. Each night
the reserved seats are completely al-
lotted, but there is not sufficient patron-
age of the seats behind. The theatre-
goers forget that in an opera the
seats at a distance from the stage are
often preferable.

THE CANADIAN CLUB.

The regular luncheon of the
Canadian Club will be held on Mon-
day next at the Prince Arthur Cafe,
when it is expected the discussion
initiated at the last luncheon on "Op-
portunities for the Improvement of Ed-
monton" will be continued.
It is the purpose of the club to
hold occasional luncheons during the
summer, when the club will have an
opportunity of hearing addresses from
distinguished tourists.

Centennial for Stabling.

Toronto, April 26.—Fred Chambers,
of the Centennial, was sentenced
at Peterboro to-day to six years in the
penitentiary for stealing a number
of people in the Peterboro hotel. He
is from the United States, and has a
bad criminal record.

FRIEND TO FRIEND.

The personal recommendations of
people who have been cured of coughs
and colds by Chamberlain's Cough Remedy
have done more than all else to make it
a staple article of trade and commerce over
a large part of the civilized world.

LARGE PURCHASE OF LUMBER.

We learn that Messrs. Chisholm Bros.
Ltd. have just closed a con-
tract for the purchase of 10,000,000 ft.
of British Columbia lumber, which
will be nearly all required for their
retail and wholesale trade handled
from Edmonton. Fifteen cars are now
in the city, consisting of dimension
lumber, cedar, sheathing and ship-
lap and fir and cedar finishing ma-
terials. This looks as if though they
were going to be prepared for the
large needs of our city and country
for a time at least.

SUICIDE OF A TOFIELD MAN

A Young Fellow Blew out his Brains With a Shot Gun. Had a Love Affair.

A case of suicide is reported from Tofield, fifty miles southeast of Edmonton, on the proposed line of the Grand Trunk Pacific.

Hutchinson, a young man about thirty years old, who had been bacheling with his brother on a homestead, shot his head off last Sunday night while in a fit of despondency, due, it is believed, to an unsuccessful love affair.

He had spent Sunday afternoon at a neighbor's house and returned home in the evening some time before his brother, Charles Hutchinson, who had been spending Sunday at another neighbor's house, Charles Hutchinson saw that his brother had stabled his team, but it was not anywhere about the house.

During early Monday morning, Charles Hutchinson was shocked to see from his window the body of his brother lying on the snow about 30 yards from the shack. Approaching the scene of the tragedy, Charles found his brother's body rigid in death, a Winchester repeating shot gun resting on the body between the limbs, and the top of the dead man's head entirely blown off.

A small stick with one end resting on the trigger and lying close to the right hand of the dead man revealed the deliberate manner in which the suicide was planned.

The grief-stricken brother hastened to his nearest neighbor, Wm. Pepper, with the awful news, and the district was soon notified of the occurrence. A coroner could not be had at the moment in Vegreville, so Mr. Campbell, J.P. of Vermillion Valley, was summoned.

It is stated that a letter has been found addressed to his brother, with instructions as to his estate, which was to go to his brother in the event of his death. The young man seems to have been in fairly comfortable circumstances.

A \$92,000 EMBEZZLEMENT.

Manager of Woonsocket Power Co. is Alleged to Have Misappropriated that Amount.

Associated Press Despatch.

Woonsocket, R.I., April 22.—A shortage of about \$92,000 in the accounts of the Woonsocket Electric and Power Co. was revealed today by the issuance to the stockholders of the company of a circular letter announcing that a heavy shortage had been discovered. The letter, which was issued by order of the directors, further stated that the resignation of Levi Cook Lincoln, treasurer and general manager of the company, had been accepted.

John J. Heffern, counsel for the directors of the company, said today: "I believe the amount of the shortage is about \$92,000. Mr. Lincoln has resigned, and has turned over to the company property, which he claims is worth \$42,000."

After reading the circular letter of the directors, and the statement of Mr. Heffern, Mr. Lincoln said: "I admit the situation is substantially as stated, further than this I must decline to be interviewed. I take this step upon the request and upon the advice of our directors and purchasers. Recently, negotiations have been under way for the sale of the business to the firm of Kesterbrook and the circular says that the alleged embezzlement will not interfere with this sale, although the stockholders may be called upon to make good any deficiency."

HEIRS TO SMITH MILLIONS.

Lady Cooper, Sister of "Silver" Smith, Who Died in Japan, Arrives in New York.

New York, April 22.—Sir George Cooper and Lady Cooper, brother-in-law and sister of the late James Henry Smith, who died in Kyoto, Japan, on March 27th, and who left an estate reckoned at from \$3,000,000 to \$7,500,000, arrived here today on the Hamburg-American liner Deutschland to await the arrival of the body of their kinsman at this city. They were accompanied by their young daughter. Several relatives were at the pier in Hoboken to meet them.

Sir George Cooper brought with him the will, which disposes of the Smith millions. When asked if there was likely to be a contest, he replied that he did not think so. He asked to be excused from discussing any terms of the will, and declined to place any estimate as to the value of the estate, which is soon to be divided. Sir George said that the will would be probated in the state of New York.

REFUSED TO FLY THE FLAG.

And to Give Five Minutes in School on Patriotic Subjects. Action of St. John School Board.

Associated Press Despatch.

St. John, N.H., April 22.—At the St. George's Society banquet Tuesday President Stedman said he had asked the school board to fly the British flag over the school house and to give five minutes to patriotic subjects in the school. He said the board declined on the ground that they would have to do the same for the other sections if they did it for one. This brought hisses from those at the table.

Queen's University Appointments.

Associated Press Despatch. Toronto, April 22.—John I. Morrison, M.A. of Glasgow university, has been appointed to succeed Prof. Ferguson, who retires after 39 years' work. Prof. McCrimmon follows Prof. Fowler in the chair of history. The retiring professors have a pension of \$1,000 each.

Will Allow More Water.

Associated Press Despatch. Toronto, April 22.—The Ontario government will consent to the increase of the capital applied for by the Toronto Electric Railway Co. from \$3,000,000 to \$4,000,000.

MADLY MOBBED THE MOTORMAN

Car Passengers Bought to Flamingo Death of Killed by a Surface Car.

Associated Press Despatch.
New York, April 25.—The sight of the horribly mutilated body of a sixteen year old boy, who had been ground to death under his wheel, transformed the passengers of a Coney Island surface car into a mad mob which beat into unconsciousness and would have killed the motorman but for the timely arrival of police officers, who clubbed the infuriated men back to their senses.
The car, operated by George Drecker, was moving through Frank's avenue, Brooklyn, when Edward Kelly, in play, ran out of a side street upon the tracks. The car struck him and he fell in a position that the wheels reversed his head and legs. As the car stopped

abruptly the passengers swarmed out later they dragged the mangled body from the platform, threw him on the ground and trampled on him. Nearby policemen, unable to check the riotous mob, were forced to drive off Drecker's assistant and buy him passage to a hospital, where he may die.
While the body of the boy was identified it proved to be that of the son of one of those who had sought sanctuary to avoid death.

DIED FROM INJURIES.

Regina Man Who Fell From Ladder.
Winnipeg, April 25.—Benjamin Pearl, the man who was hurt at the Laramie Hotel a few weeks ago, died at 11.30 today as a result of his injuries received in the accident. He was taken off the storm windows in front of the hotel, and had in his mouth a screw driver. The ladder upon which he was standing slipped, and Pearl fell to the pavement floor. The screw driver was forced through the top of his mouth and pierced his brain.

NO CORNER ON COLD WEATHER

The West Is Not as Badly Off as East. Niagara Fruit Growers Buffer.

St. Catharines, April 25.—This has been a very disappointing month to the fruit growers of the Niagara peninsula, owing to the persistently cold weather in April. Fruit trees and vines are not in as good condition today as a month ago, when the prospects seemed to be of the very brightest. Fruit trees, owing to the unreasonable weather, are very backward. Cold winds during the past month killed the wheat. Hundreds of acres of wheat will be ploughed up around here, according to a prominent grower. The weather has been so dry of late that grass is decidedly backward, and farmers are seriously handicapped by lack of pasture for their cattle. This has caused butter prices to be phenomenally high for this time

of the year. Futuristic growers predict that the tomato crop will be short this year on account of the cold weather. This April there has been little or no moisture, with the result that thousands of little plants died in the beds, and when plants are set out about the middle of May there will be a considerable shortage.

WOLVERTON RESIGNS.

Associated Press Despatch.
Brandon, April 25.—Professor Wolverson has resigned his position of superintendent of the experimental farm here and will be succeeded by John Murray, superintendent of institutions in Regina.

NAVIGATION OPENS TODAY.

Associated Press Despatch.
Fort William, April 25.—Navigation will likely open tomorrow. The Whelan having made better progress than anticipated in reaching open water in the lake. All vessels which passed the Soo will be at outer edge of tonight.

KILLED IN RUN- AWAY ACCIDENT

Englishman in Canada Only a Few Months Meets Tragic Death at German.

Associated Press Despatch.
Carmarthen, Wales, April 25.—Charles Hugo, aged forty, was killed in a run-away accident on the farm of Joseph Russell, at Barnsley. He was sitting on the wagon gear, while another man was driving the team, which got frightened at the noise made by the wagon on the frozen ground and ran away, throwing Hugo on his head on the frozen ground and breaking his skull. He lived only fifteen minutes, not regaining consciousness. Hugo came from Hampton Court, England, last September, and worked in the Union bank in Winnipeg until a month ago, when he came to Canada and began farming with Russell. He had been working for Russell for a month.

ATHABASCA LANDING

The Key Centre of Northern Trade

The Geographical Point of Entry to the Great North Country

ATHABASCA LANDING

A Town of Wonderful Possibilities

Greatest Fur Trade in the world flows through Athabasca Landing. Its agricultural, timber, mineral and oil resources to the north and west guarantee permanent and unprecedented prosperity. Possessing every desirable natural advantages essential to phenomenal commercial and industrial development.

It is dead sure certain that the timber resources along the upper Athabasca are in themselves sufficient to make Athabasca Landing a great, world famous lumbering centre. All the thousands and tens of hundreds thousands feet of fine standing timber along the McLeod, Eagle and other timber tributaries of the Athabasca River must necessarily be sawed at the landing; thus this rapidly growing town is destined soon to become an active, progressive and enterprising, manufacturing city of the last Northwest.

Athabasca Landing is the Logical Terminus of the C. N. R. Morinville extension. At the head of navigation, steamers leave Athabasca for the Lesser Slave, the connecting link to Grand Prairie, and the vast fertile valley of the Peace River District. No other available route to this magnificent northern empire of boundless wealth.

Present population exceeds 1,000 inhabitants, 2 hotels, one chartered bank, several general stores, warehouses, shipyards sawmills coal mines, natural gas in unlimited quantities, excellent water power, a score or more trading post headquarters for as many different fur trading, mining and exploiting companies who use the Landing as the base of supplies for their extensive northern operations. The Hudson's Bay Co., Revillon Bros., and others keep large quantities of general merchandise stored at this point. This bustling community is only 98 miles north of Edmonton and connected by the best and most dependable stage service in the prairie provinces.

Will be Third City in the Province in Five Years

BUY IN THE HYSLOP & NAGLE STRIP

RIVER LOT 1

AROUND THE CITY

LOCALS.

The Elks Club met this evening in Reindeer's Academy.

Count Von Hammerstein left yesterday for Athabasca Landing.

The Ancient Order of Foresters met in their lodge rooms in the Norwood block tonight.

Mr. George H. Reid, of the Dominion Opera House, returned from a holiday at Vancouver.

There will be roller skating at the Edmonton Opera House Saturday afternoon and evening. Music.

Mr. L. C. Charlesworth, is acting deputy minister of public works during the absence of Deputy Minister Stock.

Edmonton city football team will practice tonight on the Agricultural grounds at 8:30. All players are requested to show up.

Mr. Alex. Koway, of the Dominion Lands Office, has received word from Ottawa that he has been appointed acting agent of Dominion lands.

Rev. A. S. Tuttle, of Grace Methodist church, will preach at the anniversary services at Vegreville Methodist church on Sunday next.

There will be roller skating at the Edmonton Opera House Saturday afternoon and evening. Music.

Rev. Principal Riddell, of Alberta College, will preach at both services in the Central Methodist church, Calgary, on Sunday. He will also address the Young Men's Club in the afternoon.

The Mullin-Sullivan fifteen rounds boxing contest at the opera house, will commence tonight at 8:30. Referee the main bout there will be two four-round preliminaries. Seats are \$1.50 and 40¢.

A public meeting of all interested in the work of the newly-formed Society for the Prevention of Cruelty to Animals will be held next Monday, April 24th, at 2 o'clock p.m., at the Young Men's Club in the afternoon.

A meeting will be held at the office of Griesbach, O'Connor & Allison, 1001-1003, Trust building, on Saturday, April 27th, at 2 o'clock p.m., for the purpose of organizing an Edmonton band, so as to secure band concerts for the coming season.

Mr. J. W. of the Edmonton Fruit and Produce Co., is just back from a purchasing trip down the Red River. He states that there is a fair supply of eggs in the country now. His broiler 100 cases at Mundare, all of which had been marketed in less than a week.

Mr. Charles May, who has been confined to his house for a few days, yesterday with blood poisoning, is about well again. The illness was the result of a slight accident incurred a couple of weeks ago at his construction camp at the Clover Bar bridge.

"The Pirates of Penzance" has proved so successful that it will be repeated on Saturday night. The demand for reserved seats could not be met in the three nights at first planned. Each night finds vacant seats, however, in a desirable position behind the reserved seats.

There will be roller skating at the Edmonton Opera House Saturday afternoon and evening. Music.

The fire brigade were called to a blaze on Griesbach street this morning at 7:20 o'clock, caused by a defective chimney. The fire was extinguished in a few minutes by the chemical engine. The house is occupied by Mr. A. Frederic.

At the annual meeting of the Mission Band of McDougall Methodist church on Tuesday afternoon the following officers were elected for the ensuing year: President, Miss M. Chenevix-Trenchard; Archie Jones, secretary; York Bayliss; treasurer, Miss Ada E. Frederic.

The Young Men's Club of McDougall church held the final meeting of the season last night. A good musical program was provided in which the Strathcona Presbyterian quartette figured prominently. A move is now on foot by the Young Men's Club and a meeting will be held shortly to further discuss the matter, and if advisable, organize.

PHOTOGRAPHY: A photograph of a person, likely related to the local news or events.

RIVER NOW OPEN.

The remaining river ice between Edmonton and Strathcona went out at noon yesterday and with the strong flow of some cables along the banks the river is now clear of ice.

BANK CLEARINGHOUSE CONTINUE TO

Edmonton bank clearings continue to show upward and a new high level in the history of the city was this week established, reaching \$1,122,380.

The highest previous was \$1,017,372, in the second week of March, from the 4th to 11th.

ADDITION TO PUBLIC HOSPITAL.

The addition to the Public Hospital will be ready to receive patients after another week. It will contain 100 beds, large public wards for male patients, and will accommodate about thirty beds. The addition is well and airy and will be a vast improvement on the old building. The work of alterations going on.

NEW STAGE ROUTE.

A company of local men known as the Edmonton, Pembina and Northern Stage Co. has been organized to run a stage line from this city to the Pacific River, eighty miles distant, and intervening points.

The service will be started about May 1st, and three trips a week will be made, leaving the city on Monday, Tuesday and Thursday.

Land guides will be stationed along the route to assist the travellers.

The stage will start from the Queen's Hotel, and the complete time table will be announced later.

BURNING ON MOVING TRAIN.

Among the arrivals in the city today is Wm. East, of Immire, who has disposed of his heavy business at the city and will reside in the city in future.

Mr. East tells of a rather unusual but serious loss to Mr. J. J. Collier, one of the latest Americans to locate in the city.

Mr. East says that he lost all his household effects, implements, etc., in a fire which broke out in the city.

The box car containing them was set on fire by a spark from the engine and before the blaze was noticed and the train brought to a standstill, the car was consumed.

Mr. Collier's loss is estimated to be close to \$2,000.

DEATH OF JOHN J. DOWNING.

The death of John J. Downing, bartender at the Pandemonium Hotel, occurred at his home, 573 Elizabeth street, this morning.

The deceased had been seriously ill with pneumonia for the past week, and he had been in the hospital for some time.

He was 60 years of age. He leaves a wife and three children.

The body of the deceased has been removed to Moffat & McCoppin's undertaking parlour, where the funeral arrangements are being made.

The funeral will take place tomorrow at 10 o'clock, at which Mr. Downing was a member.

Northern Hardware Co.

The Brighten-up Season is here

What are you doing with your Walls and Ceilings? Perhaps you intend using Alabaster. We have it, if you are; but we have something better and for the same price. This is

DECOTINT

DECOTINT is the best finish ever offered in powder form. Unlike the various Kalamines it does not rub off on the clothing. It is easy to apply, it is not gritty like Alabaster, and can be left in mixture over night without losing its quality. We can give you names of people in Edmonton who have used our DECOTINT, after having used other wall finishes, and will now use no other.

We also have Decotint Deep Wall Colors. We are Sole Agents for Edmonton. Call on us for Color Cards.
